Independent study aid, not affiliated with USCIS.

How to use this kit

The test is **oral**: an officer asks up to 20 of the 128 questions and you must answer **at least 12** correctly. No options are given — you say the answer.

1. Listen to the audio: question, six seconds of silence, then the answer. Answer out loud every time.
2. Write down the numbers you miss.
3. Sit the five timed tests (20 questions, 15 minutes, 12 to pass) and score them with the key at the back.
4. The day before, re-read only your missed list.

Eight answers change: the President, Vice President, Speaker and Chief Justice change with elections and appointments; your senators, representative, governor and state capital depend on where you live. They are marked in this kit. Check uscis.gov/citizenship/testupdates on interview day.
